

PREVENTION WORKS!

We understand your concerns. We are taking precautions in order to maintain the cleanest and healthiest gym we can.

Our extra efforts include:

1. We are currently employing an additional cleaning force who you may see around the gym.
2. Our instructors will be building in time during and after classes for thorough sanitizing of equipment that is used.
3. Our childcare workers are cleaning before, during, and after play in our childcare room.
4. We have cleaning products, clean towels, and hand sanitizer in every room.
5. We request that all members be considerate of common practices of hygiene and personal responsibility.

We always strive to maintain high standards of cleanliness at Infinity Fitness and will continue to look for methods to ensure your well-being.

***** AS ALWAYS, PLEASE FOLLOW YOUR DOCTOR'S ADVICE
